LONG ISLAND OFFICE

U.S. District Court Clerk
Eastern District of New York
100 Federal Plaza
Central Islip, NY 11722

Judicial Notice: Responsive Pleading (Under the
Miller Notice)

To the Honorable Joanna Seybert, U.S. District
Judge, in care of Douglas C. Palmer
, Clerk of Court et al,

In accordance with Rule 12(a)(1)
(A)(i), which mandates a 21 day response pe-
riod, I am requesting the remainder of my
sentence to home confinement as per U.S.
Attorney General, William Barr, and a-
lign with CDC Guidelines that I am en-
titled to under the U.S. Attorney General's
procedures, which are all stated in the Dept.
of Justice / OIG Pandemic Response Re-
port 20-086 to transfer an inmate to home
confinement, pg. 15. These factors include
: (1) age and vulnerability to COVID-19,
(2) priority given to those in low and mini-

minimum security facilities, (3) priority treatment for inmates with no disciplinary history within the past 12 months, (4) priority given to inmates with a minimum score on the prisoner assessment "PATTERN" score, (5) a verifiable reentry plan to prevent recidivism, and (6) the inmate's crime of conviction. To deprive me of this right is not unconstitutional but to deprive me of my right to due process without due process is within itself unconstitutional.

Of the 6 factors included, in the Attorney General's memorandum, to transfer inmates to home confinement, I check 5 boxes: (1) I reside in a camp, minimum security facility, (2) I have no disciplinary history / violation while incarcerated, (3) confirmed on the 29th of June, by my Case Manager Officer Wright, I am a minimum score on the Prisoner Assessment Tool Targeting Estimated Risk and Needs (PATTERN) score, (4) my reentry plan is verifiable, taking residence with my immediate family, both my parents, and promising employment with my godsisiter at Carnival Cruiseline, and (5) my crime

of conviction is nonviolent. As for age and vulnerability to COVID-19 as an inmate, while I am 37 years of age (not elderly), my vulnerability is an extreme factor. As a black male, member of the African American Community, I am far more susceptible and effected by this virus than any other ethnic background. During a White House Coronavirus Taskforce Briefing, both President Donald J. Trump and Dr. Anthony Fauci took time to expound on this harsh reality. On CNN, Van Jones, a criminal justice advocate and a leader of the criminal justice reform organization, Reform Alliance, hosted a program titled "The Color of COVID," that aired on April 18th. In addition to 2 programs that aired on April 7th and 24th, the focal point of "The Color of COVID" was highlighting the disparity and negative impact of the virus on my community. Despite this, discrimination unfortunately is being shown. Upon your request, I may offer you names of multiple inmates who did not fit the criteria for home confinement but were release nonetheless. For example, an elderly inmate who did not meet the 50% threshold for time

served, set by the BOP, was released. He served 10 months on a 3yr sentence with no medical concerns. Another inmate, who met the threshold for time; however, with violence on his case, meaning a dead body, was released as well. Both of these inmates were Jewish. Their case manager, which is mine as well, Ms Wright, told 2 Black inmates, that I know of, in regards to their home confinement request, "Too bad you are not Jewish." In regards to my health, for the past 5 yrs, I suffered from a horrific skin disease. The day of my apprehension, this was recorded by Pretrial Services. I believe the Probation Dept has the matter recorded, specifically, in their PSI report. For my condition, I've seen at least 15 doctors; it was said to be an in between of Psoriasis and Eczema. Treatments taken were Prednisone, injections of Humira to name a few. Unfortunately, 2, 3 years into treatment, it turns out I was misdiagnosed. After seeing countless doctors, Dr. Dana Stern, possibly the sole physician in the country, who deals spe-

cifically with fingernail and toenail care, which mine were compromised significantly, started new treatment for me in early 2019. Being that her practice did not accept insurance and my self surrender to federal custody was near, I was unable to complete treatment. She informed me, through her staff, the prison would not carry treatment for my condition. This was confirmed by the Medical Office at Fort Dix Camp. During this pandemic, I've found myself exacerbating my skin for relief on several occasions, which is how my skin disease originally began to foment. Under CDC Guidelines, a weakened immune system was said to be susceptible to COVID-19. From my recollection, of the minimum of 15 doctors I've visited from the years 2015, the beginning of my illness, to this very day, a number of them have said a weakened immune system may cause my skin disorder. April 6th, was our 1st confirmed case at the camp. Since then, around 60 inmates have tested positive. Approximately 200 inmates were present at Fort Dix Camp at the beginning of April. Last known case, was an African American male set to leave for a Residential Drug Program.

to another correctional facility. During his quarantine, in the SHU location of the prison, on his account, he contracted the virus and was no longer permitted to leave the facility.

Today, he remains at the camp. This occurrence, I speak of, is the week of August 2nd.

In the Pandemic Response Report 20-086, pg. 13, it says, "the Attorney General also directed the BOP to "immediately maximize appropriate transfers to home confinement of all appropriate inmates" at those prisons "where COVID-19 is materially affecting operations."

Your honor, the distance from where you sit on your bench to where I stood to face my fate, in your courtroom, I've witnessed inmates collapse on the floor at the camp because of COVID-19. Your honor, this is a work camp. We are not working to prevent recidivism, but sitting idle with no possibility of social distancing.

I've voiced my grievances to the camp on multiple occasions: informal (upon their request) and formal compassionate release notices, multiple BP-8 forms, and a BP-9 form, which I have all attachments in-

cluded with my letter to you. The informal compassionate release request was answered with no signature or date, I assume, from the Warden's Office where it was directed. The response was to meet with my case manager for possibility of eligibility under compassionate release / reduction in sentence. I was denied because of several reasons: not enough time served, no terminal illness, and I was originally thought to be a low level inmate on the "PAT-TERN" score. Afterwards, we were encouraged to do a more formal compassionate release request, which I submitted on July 2nd 2020. The informal request was sent in May. My formal compassionate release request, sent in July, has never been answered. In the request, I expound on my skin condition as well. Also, my low level inmate status was upgraded to minimum level on June 29th 2020. Upon my case manager reviewing the Male Pattern Risk Scoring, she recognized my initiative by enrolling in a drug program, I had no need for, which increased my level to a minimum score. As mentioned before, sadly, time served and no medical history as well as violence have

exceptions at our camp, especially if you are Jewish, according to our Case Manager. While no response for my compassionate release request has prompted me to your court for compassionate release, the actions of the prison, and there are many, but specifically on August 3rd, that I've provided you (BP-8 form of 8/4/20) has underscored my urgency for compassionate release. I accepted my punishment for my offense; however, the punishment did not include death. I am now a 37 year old black male. At the age of 36, I was convicted as a 1st time offender, nonviolent. My desire is not to be excused from my sentence but to complete my sentence as home confinement.

Respectfully Submitted,

Jean, McArthur 8/11/20
Docket # (CR17 - 372 (JS))

P.S. attachments included:

- (1) Correspondences through email to Case Manager Wright for Home Confinement along with Reentry Plan
- (2) Request for Home Confinement to Warden Ortiz (Informal Compassionate release / reduction in sentence request (May 2020))
- (3) Formal Compassionate Release / Reduction In Sentence Request (July 2, 2020)
- (4) BP-8 form for denial of Compassionate Release / Reduction of Sentence for Informal Compassionate Release Request
- (5) BP-9 form for Compassionate Release Request
- (6) BP-8 form for Complaint against staff in regards to COVID-19, after a week, I have yet to receive a reply
- (7) Correspondences through email with sister in regards to COVID-19

Inmate Message Below

I fear for my life. I am nowhere near my family during this unprecedented time. While measures are being taken, the social distancing at this facility is impossible. Prior to coming to the camp, I did a change of address with the postal service, and when I came to the camp, I gave you 'cop-out sheets' for both relocation and change of address, as my place of residence, after my incarceration, will be with my immediate family in South Florida, North Miami specifically. I have nowhere to go in New York, where I caught my case. I am a first time offender. I do not present a threat to society, so I am asking you to get me closer to my family, or possibly home confinement to finish my sentence. Throughout my time, back and forth with court, reporting to probation and pre-trial services, I followed every measure to the T. I will certainly do so during this horrific time.

To: Ms. Wright

Inmate Work Assignment: Unicor

I want to provide you a release plan for home confinement. I will be with my immediate family in South Florida, North Miami. My mom and father will provide me shelter at their residence of 12040 NW 15th Ave. Miami, Florida 33167. The address is confirmed on visitation forms, as well as with Probation. I also provided two "cop-out sheets" with respect to this address for a change of address and relocation. Prior to arriving here at camp, I made the address change with the postal service as I will no longer reside in NY; I have no place to reside in New York. After my incarceration, my plans are and will be to reside with my immediate family. During this unprecedented time, if i'm granted home confinement, I will go directly to my parents. I have spoken to family members who have mentioned possible job opportunities when I get home, specifically my god-sister, Melissa Preal, who's currently seeking a position for me at Carnival Cruiseline. It's truly unfortunate what's going on here, no one called for it, but obviously our lives are at stake, and I do fear for my life. I'm know threat to society, this is my first offense, nonviolent, and since i've been here, i've received many compliments from C.O.'s i've worked for, particularly Food Service: Kent, Kemp, Z, and more, which is where I've done the majority of my work-call since I've been here. For less than a month I presume, I've been at Unicor, which I transferred to because of possible relief from the First Step Act. And Z, the C.O. ahead of daily activity at Food Service, wrote a "letter of recommendation" for me to Unicor on my behalf.

Respectfully,

Jean, McArthur
90293-053

Dear Mr. Ortiz,

Since the initial case of COVID-19 at the camp, I've been in fear of my life. I've felt everything from nausea, bad headaches, dizziness, pressure throughout my body and currently, irritation to my skin as well. I'm asking for you to graciously grant me Home Confinement during this unprecedented time. I have no violent history, this is my 1st offense, and my immediate family has a place for me to fulfill my obligation to the Bureau Of Prisons. I understand the CARES Act makes this option available, and worst case scenario, if I wasn't eligible during such a horrific time, there are remedies for my safety during this pandemic: halfway housing and later home confinement.

Respectfully,
Jean, McArthur

**Please see your Case Manager regarding your eligibility
for Home Confinement under the CARES Act.**

Before completing this sheet, please review Program Statement 5050.50, Compassionate Release/Reduction In Sentence, available in the law library.

COMPASSIONATE RELEASE/REDUCTION IN SENTENCE

NAME: Jean, McArthur UNIT: A REG#: 90293-053 DATE: 7/2/20

Who is your Physician (circle): Patel Sceusa Sood Chinwalla UNKNOWN

Choose One Criteria: You can only apply under one criteria.

Extraordinary/Compelling Circumstances:

Medical Circumstances

Terminal Medical Condition- Terminal Diagnosis with 18 months or less life expectancy.

Debilitated Medical Condition – Illness that has you partially (50%) or completely (100%) disabled.

Elderly Inmates

“New Law” Elderly Inmates – 70 years old or older, and served 30 years or more of sentence.

Elderly with Medical Conditions – 65 years old or older and served at least 50% of sentence.

Other Elderly Inmate- 65 years or older and served at least 75% of sentence or the greater of 10 years.

Death or Incapacitation of the Family Member Caregiver of an inmate's dependent child- provide verifiable documentation the child is “suddenly” without a caretaker, the family member is in an incapacitated state and unable to care for the child.

Incapacitation of a Spouse or Partner – provide verifiable medical documentation of incapacitated state.

To be completed by inmate:

Briefly describe your medical condition or non-medical circumstance: Since 2015 to present day, I've suffered from what was said to be psoriasis and eczema but later an inaccurate diagnosis. Treatments taken were Prednisone, Humira, Otezla, etc. All were ineffective. A number of doctors said it was because of a weakened immune system; I saw a minimum of 15.
If you have applied before, has anything changed in your medical condition since your last application (if so, describe):

Proposed Release Plan (Must have ALL of the following):

Name and contact information of who you will live with, and the last time you spoke to this person about your release plan:

Felicie Jean, my mother, and I spoke with her on my release plan 2 days ago

Address of where you will be living: 12040 N.W. 15th AVE. Miami, FL 33167

Where will you receive medical treatment (if applicable): South Florida under the direction of Dr. Dana Stern

How will you pay for your medical treatment (if applicable): Medicaid and Family Support

Additional Comments:

Medical office, at the camp, here at Ft. Dix, said they have no solutions for me. There's no telling of the long term side effects ~~on~~ short term that Covid-19 may have on my medical condition which has yet to be diagnosed.

precaution due to Covid-19; to which, I informed her of our Unit Team Manager's approval last week when she initially removed a sheet from my bunk. Following as a result, she has removed both sheets compromising my person where I have at least 6 inmates within 6 feet of my vicinity. During this pandemic, on 3 separate occasions, I went to the medical office where they dismissed my symptoms for anxiety. Her Actions are adding to my anxiety. I was sentenced to 48 months at Fort Dix, not death. So long as we are reprimanded for not wearing mask and alternating between dorms for recreation, chow, etc., due to this pandemic, we should be allowed to safeguard our bunks where social distancing is practically impossible.

Love, maybe you can reach out to an allergan doctor to explain the feelings i'm getting to see what they say, these people are really not helping me with this matter, they don't have the slightest idea, i can't seem to shake it off but it's annoying me and every now and then, i feel like imma throw-up. It's like a bubble moving thru out my body: both sides of my chest, head, neck, teeth, legs, just about everywhere. And depending where it lands, it's as if it releasing air, pulling and pushing (for example, my teeth), not literally but it feels like it. I'm trying to figure out what it could possibly be. Ask around for me so I can get some understanding. Being that they don't think it's COVID-19, they're not giving me a direct answer.
